MISSION STATEMENT

Our commitment is to help our patients get healthy as quickly as possible and to educate and motivate our patients to stay healthy forever.

PATIENT EXPECTATIONS

In order for our patients to get healthy as quickly as possible and stay healthy forever, we expect our patients to participate at home.

For current disease, we strongly encourage you to accept the prescribed treatment, attend your appointments to treat the disease, and arrange payment for treatment (see financial policy below). This way we can work together as a team to ensure your optimal dental health.

To prevent future disease, we need you to understand and take responsibility for your role in your oral care, including following our advice about frequency of eating carbohydrates, oral hygiene home care, and keeping your regular cleanings and exams.

Appointment Cancellation Policy

When your appointment is scheduled, we are reserving you a seat, as well as a provider's time. Showing up on time shows respect for your provider's time and for the other patients that follow you that day.

Although it is important for patients to honor their appointments, we are aware that unforeseen events and circumstances arise from time to time.

If you need to cancel an appointment for any reason,
Call 2 business days (Tuesday-Friday) in advance and talk directly to our staff. Leaving a message or voicemail only will be considered a cancelled appointment, and you will be charged the cancellation fee so please contact one of our staff directly within 2 business days prior and no fee will be charged.

Cancellations made with less than 2 business days' notice are subject to the following cancellation fees:

Appointment with Dental Hygienist = $50/hour
Appointment with Doctor = $100/hour

FINANCIAL POLICY

Our office is committed to providing excellent, affordable dental care. You have the right and responsibility to know the cost of your dental treatment. If you have dental insurance, and even if we bill your insurance company directly, you may be responsible for co-payment, coinsurance, deductible, and non-covered amounts. For your convenience, our office accepts personal checks, credit cards, cash, Care Credit, and Lending Club.
Please read carefully, as it outlines our financial policy.

It is important that insurance patients understand how insurance billing works. Insurance companies require us to break down every component of your office visit into universal, numerical procedure codes, and charge for each code. The insurance companies will arbitrarily change, combine, or disallow procedure codes, and then apply their company's individual fee schedule. The result is the insurance company's determination of "reasonable and customary" changes – the amount they are willing to cover. The insurance company usually reduces the actual reimbursement further by the individual policy's annual deductible, co-payment, or coinsurance.

This method of billing, designed by the insurance industry, forces us to bill at full price procedure codes that the insurance company will likely reduce, combine, or simply deny. This system, in fact, has the insurance company determining the fees. If we have a contract with your insurance company, we write-off the amount over the "reasonable and customary", and bill you for coinsurance and deductible. If we do not have a contract with your insurance carrier, you are responsible for that amount as well as any deductible and coinsurance.

We are required by all insurance carriers to collect from patients any deductible and co-payment or co-insurance amounts. In the unlikely event you stop payment, are notified of Insufficient Funds, or your account is turned over to Collections, you will be responsible for all related costs.

I have read and understand Kudlik Dental Corporation financial policy as outlined above. The following constitutes an agreement between the undersigned patient/guarantor and Kudlik Dental Corporation.

In the event Kudlik Dental Corporation agrees to seek payment initially from my insurance company, I request payment and all dental benefits otherwise payable to me to be made directly to them for service rendered. I understand any final obligations for payment are mine. Any portions of my bill not paid by insurance are my responsibility and are due and payable upon demand. I hereby authorize Kudlik Dental Corporation to release all information necessary to secure payment of benefits.

The 4 types of Patient Responsibilities

1. **Co-pays –** Co-pays are almost always indicated as affixed amounts based upon the terms of the patient's insurance policy.

2. **Coinsurance –** If the insurance policy indicates the insurance payer covers less than 100% of the total cost for an office visit, the patient is responsible for the remaining cost.

3. **Remaining Deductible –** A deductible is a specified amount of money that must be paid before the patient's insurance company will pay any money towards a claim.

4. **Self-Pay –** Patients without any insurance coverage or with a plan the practice does not accept are considered Self-Pay.

****It is the patient's responsibility to know their own insurance plan and coverage. The office is not required to know this information. If you have any questions regarding your coverage please call the number located on the back of your dental insurance card. ****

For Patients with Dental Insurance:

2019 Dental Insurance Changes and Law Disclaimer

Dear Valued Patient,

We are a PPO and CASH provider only. There are many new insurance changes that we cannot verify due to high volume of phone calls. We will bill insurance as a courtesy to our patients and it is the responsibility of the patient to be aware of any policy changes. You will be responsible for your deductible, co-payment, and coinsurance if applicable. Please speak to the billing office or Office Manager with any questions or concerns.

Insurance Disclaimer – A quote of benefits and/or authorization does not always guarantee payment of verified eligibility. Payment of benefits is subject to all terms, conditions, limitations, and exclusions of the member's contract with their insurance company at the time of service.

Insurance Liability of Payment – Your health insurance company will not pay for services that it does not determine to be "reasonable and necessary under your agreed health plan." Every effort will be made by our office to have all services and procedures covered by your health insurance company. If your health insurance company determines that a service is not a covered benefit under your plan, the patient then becomes responsible for the amount due.

Beneficiary Agreement – I understand that my health insurance company may deny payment for the services identified above for the reasons stated. If my health insurance company denies payment, I agree to be personally and fully responsible for payment. I also understand that if my health insurance company does not make payment for services, I will be responsible for any co-payment, deductible, or coinsurance that applies.

Sincerely,

Dennis Kudlik, DDS
