

James D. Sanderson, DDS  
Creating Beautiful Smiles

4 Step Protocol for Patient Check-In

- 1) A Patient Screening Form will be emailed to fill out at home. This form will also be available on our website.
- 2) Patients are asked to minimize people accompanying them to their appointment, and call from their vehicle on arrival if possible.
- 3) A Non-contact Infrared Thermometer will be used to take patient temperatures.
- 4) Use of hand sanitizer for hand hygiene
